

Tai Chi Walking

Your 7-day bonus movement guide

A calm 7-day walking routine for balance, breathing, and relaxed strength.

Time

10–18 min/day

Format

7 daily cards

Pace

Gentle & steady

Start with the first card, then repeat the week at your own pace.

1

Begin with Ease

About 11 minutes • Open space or chair nearby • 3 slow rounds

Focus: Walk smaller than you think you need. Complete the four moves as a circuit.

1. Cloud step walk

60 seconds × 3 rounds

- Step softly side to side.
- Let the arms float in a rounded shape.

2. Heel-toe flow

60 seconds × 3 rounds

- Place the heel gently.
- Roll through the foot.

3. Wave hands walk

60 seconds × 3 rounds

- Lift hands lightly in front.
- Wave side to side as you step.

4. Standing pause

30 seconds between rounds

- Stand evenly on both feet.
- Relax the arms.

Small steps make the routine repeatable.

Balance Confidence

About 12 minutes • Chair or wall nearby • 3 slow rounds

Focus: Use support before you need it. Complete the four moves as a circuit.

1. Golden crane lift

6 each side × 3 rounds • Repeat both sides

- Shift weight into one foot.
- Lift the opposite knee slightly.

2. Lotus balance walk

6 each side × 3 rounds • Repeat both sides

- Lift the heel or foot slightly.
- Pause for one calm moment.

3. Side glide walk

60 seconds × 3 rounds

- Step one foot to the side.
- Bring the other foot in smoothly.

4. Soft finish stance

30 seconds between rounds

- Feet under hips.
- Hands relaxed.

Confidence grows from control.

Arms & Walking Flow

About 14 minutes • Open space • 3 slow rounds

Focus: Let the arms guide the rhythm, not the speed. Complete the four moves as a circuit.

1. Brush knee step

8 each side × 3 rounds • Repeat both sides

- Sweep one hand past the knee.
- Step forward softly.

2. Forward push walk

8 slow steps × 3 rounds

- Step forward small.
- Press both palms without locking elbows.

3. Silk reeling step

6 each side × 3 rounds • Repeat both sides

- Circle the arms gently.
- Shift weight with the circle.

4. Standing pause

30 seconds between rounds

- Return to neutral.
- Soften knees.

Smooth movement feels easier tomorrow.

Recovery & Mobility

About 10 minutes • Chair optional • 2 slow rounds

Focus: Make every movement comfortable. Complete the four moves as a circuit.

1. Forward walk

60 seconds × 2 rounds

- Walk with short strides.
- Keep head lifted.

2. Horse mane step

6 each side × 2 rounds • Repeat both sides

- Step gently to the side.
- Open one hand outward.

3. Shoulder wave

8 rounds × 2 rounds

- Lift hands softly.
- Wave side to side.

4. Quiet stance

60 seconds between rounds

- Stand evenly.
- Relax the jaw.

Recovery days keep the week moving.

Steady Strength

About 15 minutes • Chair or wall nearby • 3 slow rounds

Focus: Stay stacked over your feet. Complete the four moves as a circuit.

1. Golden crane walk

8 each side × 3 rounds •
Repeat both sides

- Shift weight fully.
- Lift knee to a safe height.

2. Forward push walk

10 steps × 3 rounds

- Step small.
- Press palms forward softly.

3. Side glide walk

60 seconds × 3 rounds

- Step side.
- Bring feet together quietly.

4. Heel-toe flow

60 seconds × 3 rounds

- Place heel first.
- Roll smoothly.

Balance is built one steady rep at a time.

Coordination Flow

About 16 minutes • Open space • 3 slow rounds

Focus: Connect foot, hand, and breath. Complete the four moves as a circuit.

1. Cloud step walk

60 seconds × 3 rounds

- Step lightly across or forward.
- Float arms outward.

2. Brush knee step

8 each side × 3 rounds • Repeat both sides

- Shift back slightly.
- Sweep hand past knee.

3. Silk reeling step

8 circles × 3 rounds

- Turn torso gently.
- Circle arms with soft wrists.

4. Wave hands walk

60 seconds × 3 rounds

- Walk slowly.
- Wave hands side to side.

Connected movement feels less effortful.

Repeatable Tai Chi Walk

About 18 minutes • Open space or chair nearby • 3 slow rounds

Focus: Use the movements you can repeat tomorrow. Complete the four moves as a circuit.

1. Heel-toe flow

60 seconds x 3 rounds

- Walk heel to toe.
- Keep steps measured.

2. Cloud step walk

60 seconds x 3 rounds

- Step softly.
- Float arms outward.

3. Golden crane lift

6 each side x 3 rounds • Repeat both sides

- Lift only as high as safe.
- Pause gently.

4. Forward push walk

10 steps x 3 rounds

- Press palms softly.
- Keep elbows unlocked.

This is your go-to 7-day finish flow.

How to use this guide

Keep going gently

You can repeat your favorite day, restart the 7-day plan, or use one movement as a short daily reset.

7-day tracker

Day 1	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7
Set the space first Choose a clear walking area with enough room to turn around comfortably.		Choose control over range Shorter steps count. Smooth and steady is better than fast or forced.		Use the same cue Pick one reliable time of day so the routine becomes easier to remember.		

Your next step

Repeat your favorite day, restart the 7-day plan, or choose one movement as a short daily reset.
